Business Opportunities Abound in Oman's Industry Sector

With the continued development of various industries in Oman, the demand for industrial machinery, tools, equipment and hardware is growing rapidly.

The **Industrial Machinery, Tools, Hardware and Equipments Exhibition (IMTEX Oman)** will focus on the full range of products and equipment needed by companies and industries in the sultanate, making the event highly valuable as a platform for sourcing these products.

As the only event in Oman that directly caters to the needs of manufacturers and industries, the **IMTEX Oman 2012** will bring together the biggest gathering of decision makers and industry professionals. This would be an excellent opportunity to effectively promote your products and equipment to your target clients in the sultanate's vibrant industry sector.

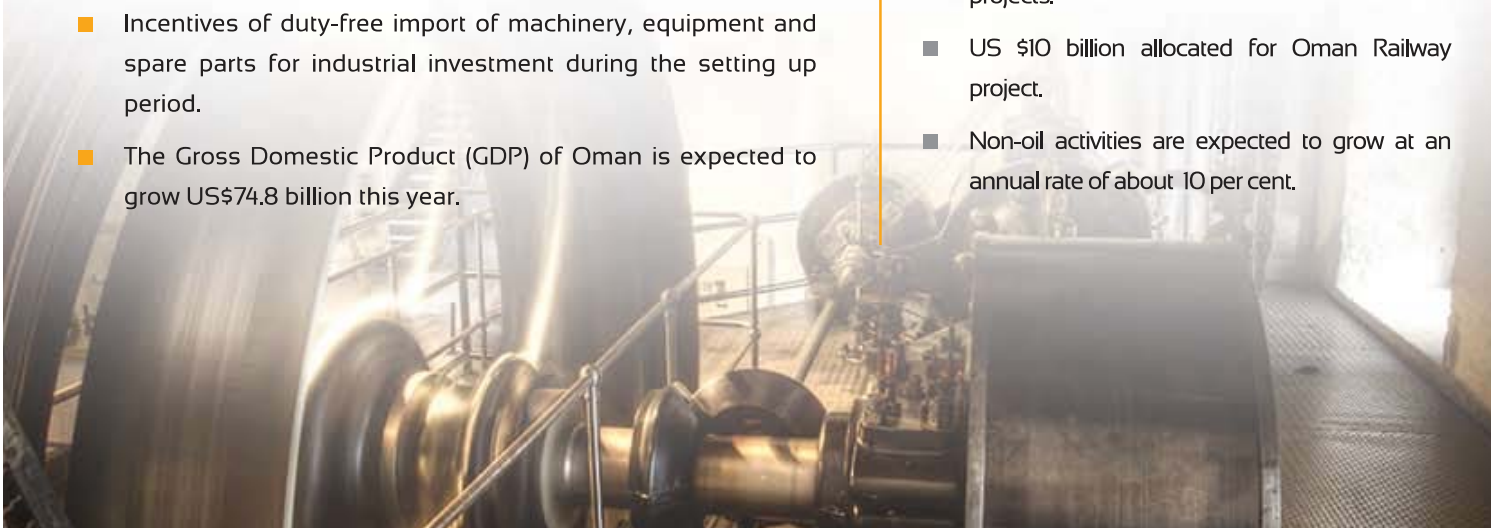

Boost your presence in a market with very strong potentials for growth. Be part of the **IMTEX Oman 2012. Reserve your stand today!**

Investor friendly **Oman**

- Diversification to a non-oil based economy is the national priority.
- The focus is on setting up of hi-tech, capital intensive industries.
- Seven industrial estates functional and one nearing completion. Three more to be built to boost the country's industrial sector.
- Incentives of duty-free import of machinery, equipment and spare parts for industrial investment during the setting up period.
- The Gross Domestic Product (GDP) of Oman is expected to grow US\$74.8 billion this year.

Areas of Investment in the next Five year Plan (2011-2015)

- US\$ 11.5 billion allocated for Transport & Airport development projects.
- US\$ 1.4 billion allocated for Port development projects.
- US \$10 billion allocated for Oman Railway project.
- Non-oil activities are expected to grow at an annual rate of about 10 per cent.

Why You Should Participate in IMTEX Oman 2012

- Introduce to your target clients your products and equipment that would greatly improve the efficiency of their operations.
- Expand your business contacts in the sultanate's industry sector as you interact with all trade visitors during the event.
- Get the opportunity to meet many industry professionals face to face.
- Be updated on the latest developments in Oman's industry sector and discover the business opportunities for your company.
- Reaffirm your leading position and further strengthen your presence in the industry with your highly prominent participation.
- Benefit from the extensive publicity and media coverage of IMTEX Oman 2012.

The Venue

IMTEX Oman 2012 will be held at the Oman International Exhibition Centre (OIEC), the primary venue for major trade shows and consumer fairs in the sultanate. The OIEC offers many advantages, such as its full range of facilities and services, vast parking space for exhibitors and visitors, and close proximity to Muscat International Airport, major hotels as well as the city centre and business districts. For more information, please visit www.omanexhibitions.com

The Sultanate of Oman is the third largest country in the Arabian peninsula. The Oman government is currently implementing measures to diversify the country's economy by continuously developing its industrial and manufacturing sectors. For more information on business and trade in the sultanate, please visit www.moci.gov.om and www.chamberoman.com
